

# MotoFino

All advertised gasoline powered scooters, motorcycles, and ATVs are manufactured by MotoFino USA, Inc. following very intricate technical specifications and other requirements resulting from many years of international research and development.

Strict observance is exercised to make sure that USA government regulations with respect to Environmental Protection Agency as well as the National Traffic Safety Board are not only adhered to, but in many cases the minimum requirements are far exceeded to justify the quality and superior performance of our respective products. Therefore all products, where applicable, are street legal and extensively tested for safety and performance.

All models, where regulations apply, are equipped with permanent identification plates with disclosures for DOT (Department of Transportation) and EPA (Environmental Protection Agency).

The company has an aggressive pricing policy with an assortment of products that will assure you of excellent product performance. MotoFino USA Inc. uses reliable international and national distributors and dealers only. MotoFino also has a system in place to quickly replace parts if needed. It is the policy of MotoFino USA Inc. to provide our customers with the best warranty in the industry. Please visit [www.motofino.com](http://www.motofino.com) and go to "distribution" page for more details.
